19th 33

We consider it a great privilege and a real honor to have as our principal, Professor Wash Snoich, who during his short stay with us, has kept the morale of the high school intact and who always has the interest of the students at heart.

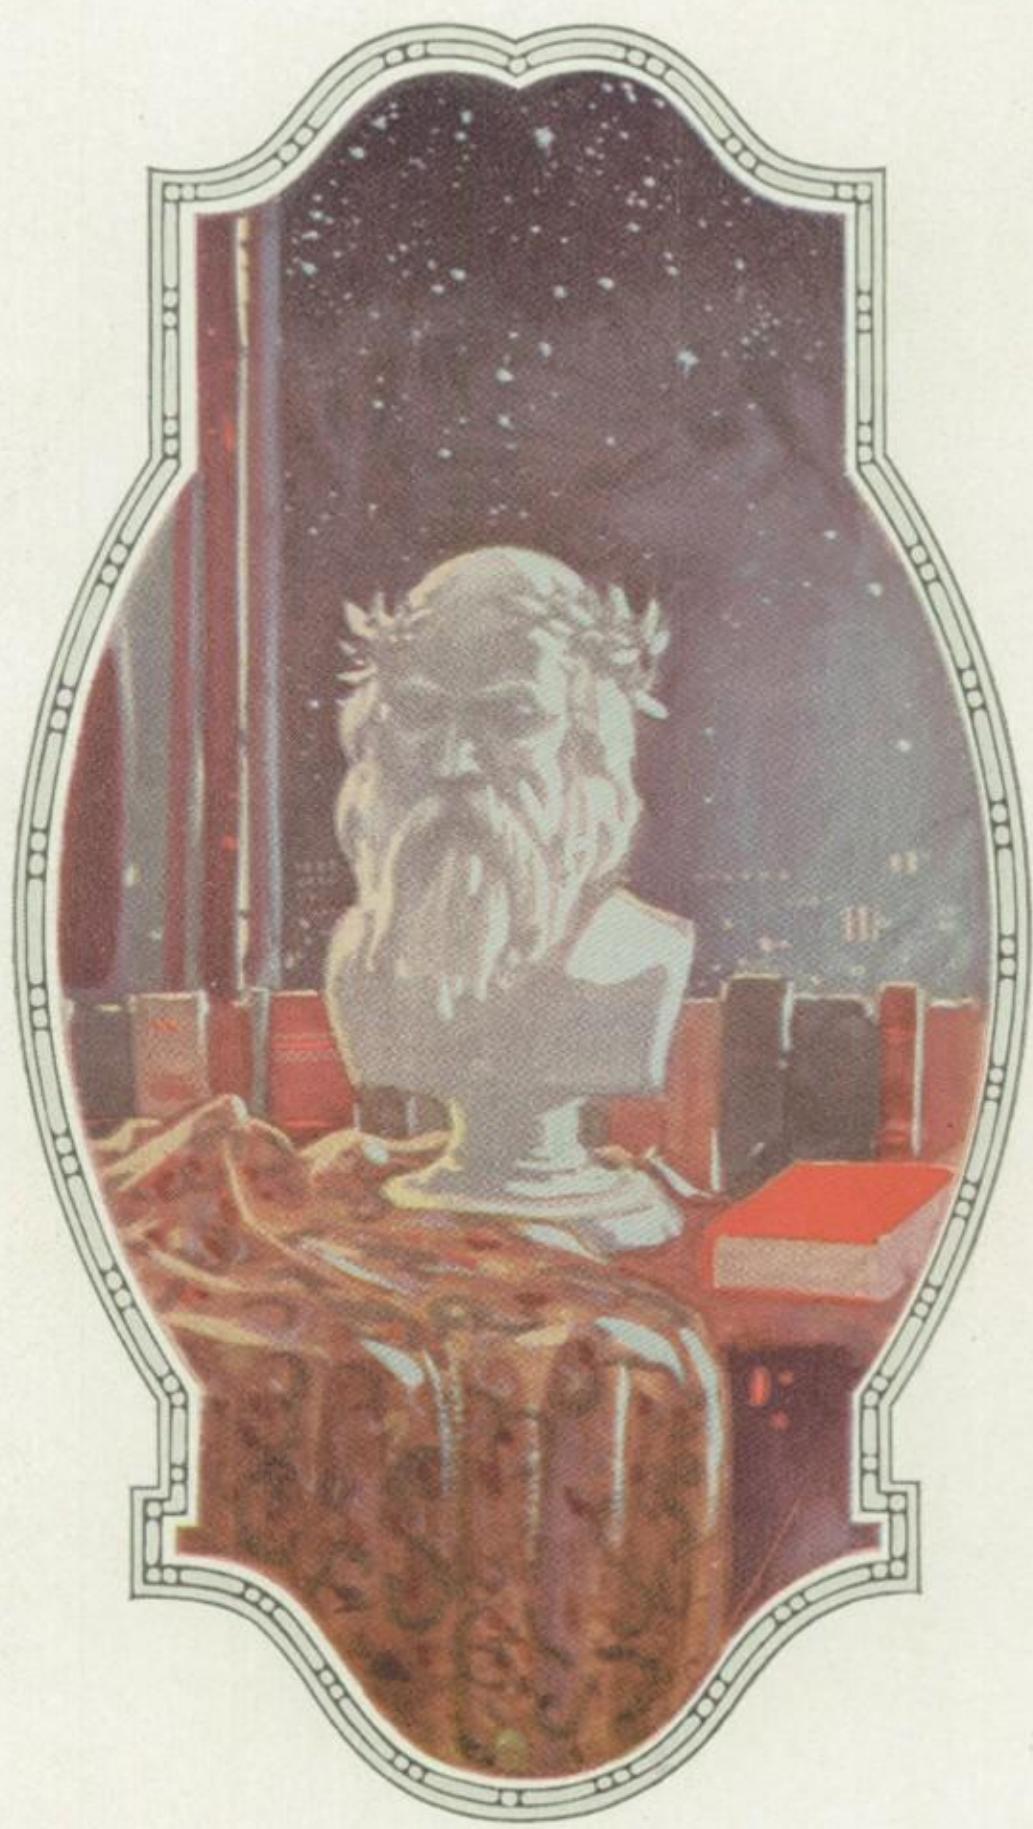

As a mark of appreciation and gratitude for his inspiring leadership, we dedicate this book, the second volume of the Reverie to him, and sincerely hope that he may have many more happy years as our high school principal.

Here we have pictured a group of teachers who hold the admiration and esteem of the entire student body. Many a time we have relied on them and they have given their aid willingly, and have contributed much of their ability to development and success of the year book, and to the class as a whole. Some of the many things contributed by this group of teachers during our stay in the high school were the following, a beautiful piano which we all have enjoyed during our high school days. The Health room completely furnished and which at present is one of the outstanding rooms in the high school, and many books with book cases to aid us in the quest of knowledge.

Therefore, as a mark of gratitude for their ever unselfish cooperation, we reserve this space for them and sincerely hope that they may gain the admiration and appreciation of future graduates.

Dr. John J. Dailey

We know him well for his inspiring words and for his excellent medical treatment. He has taken constant pains to look after our welfare and physical condition. He has kept us fit for athletic events, and while he was with us no fracture was serious, knowing he was to take care of us. We appreciate his efforts and wish to congratulate him for his excellent services.

We sincerely hope that in years to come perfect health will always be with him.

Latin Club '33; Spanish Club 3, 4; Basketball 1, 2. *HELEN*

Prim and reserved at times maybe, but full of fun and jollity. From all outward appearances one would think that she is one of these quiet little girls who never says or does a thing, but when you know her you change your opinion. May you be successful in your career.

CLASS HISTORY

The class of 1933, was organized September 7th., 1929 from pupils who finished (1) St. Patrick's Parochial School (2) McAdoo Public School (3) Kline Township Public School. It hardly seems possible that almost four years have passed, probably because they have been such happy and busy ones.

Altogether, we were a comparatively small group numbering only fifty-five. As freshmen we were active members in all organizations and succeeded in distinguishing ourselves in various activities. The biggest event of our first year was the introduction of football as a major sport.

At the opening of our sophomore year, we welcomed a new teacher in the presence of Mr. Bunsa who succeeded Mr. Regelski. Music was introduced into our curriculum with Mr. Gallagher as the instructor. Our new latin teacher Mr. Bunsa, organized the Latin Club in 1933 which was the outstanding event of the second year.

The life of a junior was a hard one, however, success crowned every effort and this year proved to be a very favorable one. Throughout the term, we were active members of the athletic association. A minstrel and an operetta were also presented during the year, both proved to be very successful.

Then came the senior year, the last and the best. During this year, a Latin Cicero Club and the Spanish La Prensa Club were organized. The La Prensa Club held a party on February 27th., 1933. It proved to be successful and the members enjoyed the manner in which it was conducted. The outstanding musical event of the year was the operetta "Chonita" whose cast consisted mostly of seniors. Now we are on the line all "Set" ready for the word Go. It is a sad time, this closing period, for we loved our work, our friends and school. When at last our time has shortened and we are about to leave our Almo Mater, let us look back and repeat this saying *We did our best.*

CLASS POEM

Let us go back - - - -
Back to the time knowledge we did lack,
To the time as little tots, if you remember,
To the time we started school, that first September.

Do you recall how proud we walked,
With our heads a little cocked,
And upon our face a serene look,
As we walked home with our first book.

And up through the grades - - - -
Where our foundations were laid.
The happy hours we had,
And the lickings we got when we were bad.

Then from the grades we did depart,
To Mc. H. S. fresh and smart.
Here we spent four happy years,
With PROF. SNOICH, our overseer.

Those are the days we adore
As years multiply, we value more and more.
Always they shall be dear to us,
And in our minds shall never rust.

If only we could see ten years ahead,
Some of us may be living, some dead.
Some may be rich, some may be poor,
Some may be happy, some not sure.

Oh, if we could only see
What will become of the class '33.
Before our Creator, our soul shall take.
We leave this task up to fate.

LOUIS BARON '33.

CLASS PROPHECY

JULY 8, 1953.

After graduation from college I decided to take a trip around the world. After twenty years of travelling, I made up my mind to return to McAdoo which some time ago was my dear old home town. I came here by airplane which was piloted by Edward Roman. Of course we were greatly surprised with each other and during the time we were riding I told him of all our classmates I have met in different parts of the world and how famous most of them became.

While I was in Italy, I went to a theatre and there to my astonishment I saw Frank Voccolla giving a concert on the stage. Upon leaving the theatre whom should I see but James Labert who was the manager of the theatre. I was told by him that the theatre was under the ownership of Philip DeFrank. I beheld now a different sight. It was a scientists convention in Germany and there I saw Fred Carter addressing the group. As I left Germany my next trip was to Ireland. Here I came upon Kathleen Daily who was a dietician for Daniel Curry and his family. While still here I heard Mary Boyle singing "*My Wild Irish Rose*" over an International Broadcasting radio. Later as I came across the Atlantic I beheld a section of the slums of New York, where I found Millie Chepenuck, Helen Schwartz and Violet Noga doing everything possible for the betterment of humanity in the Social Service Work. Yes and there was John Tutko too, helping the poor up to the minute when he was to sail for Czechoslovakia where he was to receive his Dr. of Divinity Degree. I finished all I was to say to the pilot and finally in a few days I landed on McAdoo's largest flying field which twenty years ago was known as the McAdoo mountain.

As I looked from the flying field I saw that McAdoo was no longer a borough but a large city with many large skyscrapers. Finally, I halted a taxicab which I discovered was driven by Anthony Matweecha. I had him stop at the main hotel which bore the name of Hotel Baron. As I approached inside I came to a table and here I was waited on by a tall blonde waiter who seemed quite familiar to me and in the meantime I found out he was none other than Michael Petreskey. That evening I went to a dance held at the Peacock Hall in McAdoo. The orchestra which furnished the music that evening was directed by Joe Bunsa, a well talented leader. Next day I went to Jupina's drug store in which Andrew was the owner and pharmacist. Later in the day I went to see a relative of mine who was ill at the Hazleton State Hospital of which George Kalinchock was the Superintendent and the chief nurse at the hospital at this time was Mary Brewery. I was greatly surprised to see that the nurse attending to my cousin was my old friend Anna Kakalec. "Where in the world are you keeping yourself?" asked Anna, rushing up to me. I told her I was on a tour around the world and now I arrived home.

All of a sudden I heard an alarm clock ringing and I immediately jumped from bed in my own home, only a High School girl. Finally, I looked at the clock and there it was already fifteen minutes after eight o'clock. I was to be in school at eight o'clock and it being fifteen minutes later, I decided to stay at home. All during the day I thought of the dream and wished that some day it would come true.

JUNIOR CLASS HISTORY

In the year of 1930 the portals of McAdoo High School were again opened to give passage to another group of Freshmen who came to seek and unearth the worthy treasures of knowledge. Naturally we received a generous amount of "hazing" from the upper classmen and as usual tried to evade it—unsuccessfully. Our class was organized under the supervision of Mr. Charles, who aided us in raising a fund for a memorial to leave in memory of our departure. Our officers were as follows:

PRESIDENT: William Givens.

VICE PRESIDENT: James Bonofaire.

SECRETARY: Catherine Krohn.

TREASURER: Ruth Hartig.

We began our sophomore year as all sophisticated sophomores do, by initiating the green freshmen. We were now well on our way to a successful high school career. Our class was now well organized under;

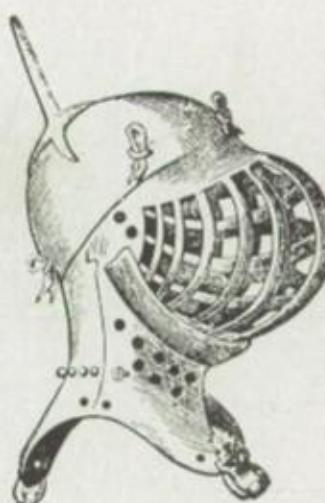

PRESIDENT: John Holda.

VICE PRESIDENT: Nicholas Gelsimino.

SECRETARY: Dorothy Roth.

TREASURER: Ruth Hartig.

In our third year we began to realize the importance of our high school. We took a serious interest in our studies and we had a large share in social functions of the high school. Let us maintain the high standard that we have set, throughout the remainder of our High School career and bring to old McAdoo High School as well as our class fresh honor and glory that will increase and grow brighter as the years roll by.

HISTORY of the SOPHOMORE CLASS

In the year of Nineteen Thirty One, we, the present day sophomores, walked into the edifice as wee freshmen. We did not know at that time what high school really meant, but we saw Mt. Education looming in the distance it seemed to consist of four steep grades: Freshmen, Sophomores, Juniors and Seniors.

When we entered we found ourselves in an unfamiliar environment, but contact with teachers and upper classmen soon drove this feeling of uncertainty from our minds. As soon as the affecting discomfiture left us we hastened to cooperate with everyone in all activities. Immediately we began to climb the first steep grade, and tried to win the confidence and understanding of the upper classmen. We strove, by the aid of our guides, who were the members of the faculty, to take advantage of every opportunity which presented itself. We found ourselves well represented on the roll of honor and the end of our first grade to reach the summit of Mt. Education was conquered.

Therefore, we returned in the September of Nineteen Thirty Two, to take up tasks anew under the capable leadership of our former officers. We felt a little proud because we were superior to the "Freshies"—we at last had someone to look up to us.

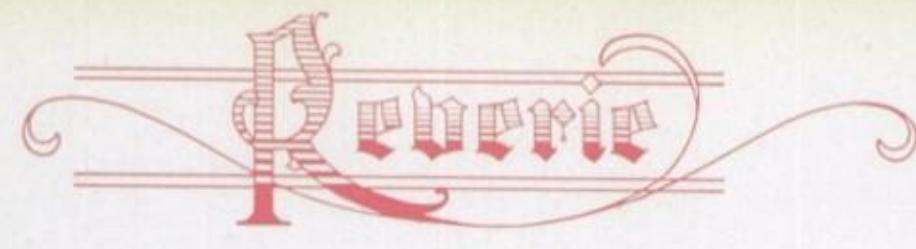

After a few weeks we reorganized and elected the following officers:

President	LOUIS SAUERS
Vice President	PETER PETRUNCIO
Secretary	HELEN SUHOSTAVSKY
Treasurer	HUBERT HARTZ

As sophomores we reached the second grade of Mt. Education and in two more terms we expect to reach the top. We, the timid freshmen of yesterday shall eventually be the proud seniors of tomorrow. Let us strive to follow in the path so carefully trodden by the seniors of today..

Our sophomore year is marked as a success in the minds of all. Let us hope that we may continue this successful pace up to 1935 and "Graduation".

FRESHMEN CLASS HISTORY

We, the class of 1936 entered the McAdoo High School, August 29, 1932. When we first came in we were so timid and innocent we were afraid we would not succeed, but after we dwelt in the school for two months we fell in with the customs of the upper classes and all strangeness wore away. With the riddance of this feeling we did as all the others did. We took part in all activities that all other classes looked to us as being efficient enough to take their places.

We sincerely hope that the years to come shall bring the greatest love and respect to the McAdoo High School. May she always succeed is the earnest wish of every student. We all will do our best for the honor and glory of our class when we have graduated and entered the laborious channel of life.

McAdoo School Band

At the present time, the McAdoo School Band, under the efficient leadership of Prof. Frank Gallagher numbers 75, and is steadily increasing.

The band was organized January 1, 1929, By Mr. Horne with a membership of 50, including the musically inclined of the upper six grades of the McAdoo schools. Uniforms were purchased that same year, and the band made a very striking appearance in them. The uniforms consisted of white duck trousers, maroon capes, and trench caps. The band made its first appearance at a music festival held in Lakewood, May 30, 1929. Here the band received a reputation of being one of the best newly organized bands in the county, which it has maintained ever since.

September 3, 1930 marked a great change in the history of the band. The supervision of the band was taken over by Prof. Frank Gallagher, our present director. Under the supervision of the present director the band has increased both in size and music.

Passing briefly over the next few years, the band had attended all music festivals, which were held annually at Lakewood. In the year of 1932 we were guests of the Kiwanis Club and we were also seen and heard at all local activities. This same year we led the business men's parade held in Hazleton. In the latter part of the year we also participated in the business men's parade held in McAdoo. At this time of the year we attended all the football games, and in many cases the cheering of the band spurred the boys on to victory.

Turning to the final chapters of the band's history we find the band preparing for the annual music festival. Our industrious director also is preparing to fill in the gaps that are left by the graduation of the class of 1933.

DRAMATICS

*"Not enjoyment, and not sorrow,
Is our destined way;
But to act, that each to-morrow
Finds us farther than to-day."*

Longfellow.

Among the many extra curricular activities sponsored at the McAdoo High School, dramatic art has been the infant, but the possibilities for success unlimited. In order to stir a deeper feeling for appreciation of the finer things in life, and with the continued enthusiasm of the student body, dramatic art struck a foundation. With the selection of Mr. Edward Bunsa as the dramatic coach the Thespians progressed rapidly, so that dramatic art at present is on a par with all the extra-curricular activities.

As we bid farewell to our Alma Mater, it is hoped that those who are to follow will carry on the interest in dramatics and bring to McAdoo High the fame and renown which she justly deserves.

A year ago when the High School term was in it's infancy, the Latin students organized into a unit, and when the term was to an end it was hoped that those who were to follow would likewise unite in order to uphold and to carry on the interest and appreciation of the Latin Language. So thcse, as their predecessors have also organized and called themselves, The Cicero Club.

Although the Cicero Club has held more firmly toward the study of Latin Literature and a more intense study of the Latin Language it has given a good account of itself in whatever activity the school has undertaken. The motto "Labor Omnia Vincit" (Labor Conquers everything) has been handed down to them by their predecessors, and as the Ciceronians leave the portals of their Alma Mater for those who are to follow, it is hoped that the continued enthusiasm for the Latin Language will always occupy an important phase in High School days.

The interest for the Romance language is more prominent to these than it has been to organizations prior to them, because the Castillanos Club members are the first group to organize as Juniors into a Spanish Club. Foot-Ball Squad

Shortly after the opening of school in the fall of '33 Coach Sammy Boyle's call for foot-ball was answered by more than fifty (50) candidates; the largest turnout in the history of our school. Being handicapped by having only three veterans from the preceeding year, our coach faced with this difficulty, began in earnest to build up a new team, using these three veterans as a nucleus.

After weeks of strenuous and diligent practice, Coach Boyle saw in his proteges a promising foot-ball team, of which the members of the talented class of '33 were outstanding, (which we naturally expected).

We opened our suicide schedule with the strong Gilberton team. After weeks of anticipation the opening game arrived. This game was played at the new stadium in East McAdoo, before a large crowd of loyal followers of the Maroon and White. The game was packed with thrills from the opening kickoff. After three quarters of hard and spectacular foot-ball, Butranavage intercepted a forward pass and raced 80 yards for the only score of the game. The game ended with a score 6-0 in our favor. Thus we emerged victorious in our first encounter. The next week we journeyed to Nesquehoning, and here for the first time McAdoo was beaten. On record it goes down as a defeat but it was a moral victory for us.

The next game was played at McAdoo. We had as our opponents the strong Nesco-

Reunie

peck High School team, who on the preceeding Saturday defeated the strong Bloomsburg High School team. This game in the eyes and opinions of the fans was the best foot-ball game witnessed at St. Michael's stadium. Nescopeck took the lead by scoring in the first quarter and lead at half time, 13-6. Everyone expected a repetition of the Nesquehoning game, but the team entered the field an inspired lot for the second half, and began turning the tide with a touchdown in the third quarter. Then in the closing minutes of the game, after a sustained drive of sixty five yards, Voccolla, after a brilliant run crossed the goal line for the winning touchdown. The final whistle blew ending the game, the score being 18-13.

The next Saturday was a gloomy one; the cause being a 9-0 defeat at the hands of Coaldale. In this game the maroon and white line displayed great defensive power. The next game was played at Mauch Chunk against a high school from the county seat. We had a comparatively easy day, beating Mauch Chunk to a tune of 19-0. The following Saturday we had the St. Jerome High School of Tamaqua as our attraction in a game that was turned to a rout. This game was a breather before the greatest game of the year, the West Hazleton Game. After scoring at will in every period the game ended with the score 33-6.

Then came the classic of the season, the West Hazleton game on Armistice Day, a game that was thrilling from start to finish. Although outweighed our boys put up a great battle, and it was only the last minutes that decided the victory. The most thrilling event of the afternoon was a touchdown by Voccolla, who after intercepting a pass, raced 80 yards for a touchdown. The final whistle blew with a score 25-13 in favor of West Hazleton. The last game of the season was played at home, against the strong Freeland High School. It was a swan song of eleven seniors of the foot-ball squad. It turned out to be a senior day, because they shone in every department of the game. But this last game came to a close all too soon, because it was the last time we were to wear the colors of our dear "Alma Mater." The score 38-0 in our favor, and for the second straight year we remained undefeated on our home field. Thus before we close this final chapter, we wish success to the boys wearing the colors of our Alma Mater on the gridiron.

Frannie

Basket-Ball Squad

Beginning our fourth year of basket-ball with Sammy Boyle our mentor, a large crowd of candidates turned out for this practice. Coach Boyle was again faced with the task of building a team from a group of inexperienced aspirants. A hard season faced this inexperienced team, the fact being their entry into the new Mountain league.

When the date of the opening game arrived, we found many new faces on the squad. The first game was played against the Delano High School, in which we were defeated by a score of 19-11. It was a hard fought battle, and it was due to the inexperienced team that we lost. But when the next game arrived our team had proved that they had profited by their defeat and this was shown by their victory over Nescopeck by a score of 28-17. In the following week we were defeated by the strong Weatherly High School team by the score 35-16. The next game was played against the Hazle Township High School at home. They came here expecting an easy victory, but received a big surprise when we defeated them to a tune of 19-24. But our joy was short lived, because the next week in a league game against White Haven we were defeated by a

1933

BASKETBALL

score of 28-21. It was a tough game to lose, but our boys made up for it by winning the next two games, the first victory was over the Shepperton High School by a score of 23-17, and then Hazle Township received their second beating from McAdoo by a score 21-15. Journeying to our neighboring city we played against the pennant winners of the Catholic loop, the St. Gabriel's High School. This was the hardest game of the year. After leading thru the entire game we were nosed out in the closing minutes of play. With only ten seconds of the game remaining, the score was tied. It was at this moment that an opposing player was fouled and he made good the shot thus ending the game with the score standing 25-24 in their favor. The next week we had as our attraction the St. Jeromes High School, in a game which we were defeated by a score of 28-8. Then in our last game of the season, we met defeat at the hands of the strong Shepperton High School team by a score of 21-17.

TRACK

A new sport was introduced to our High School last spring. It was track and field. It was a sport unfamiliar to the students and fans of the town, but by the untiring efforts of our coach, Mr. Boyle, a team composed of the most capable athletes was put out on the field and all ready to compete with other schools.

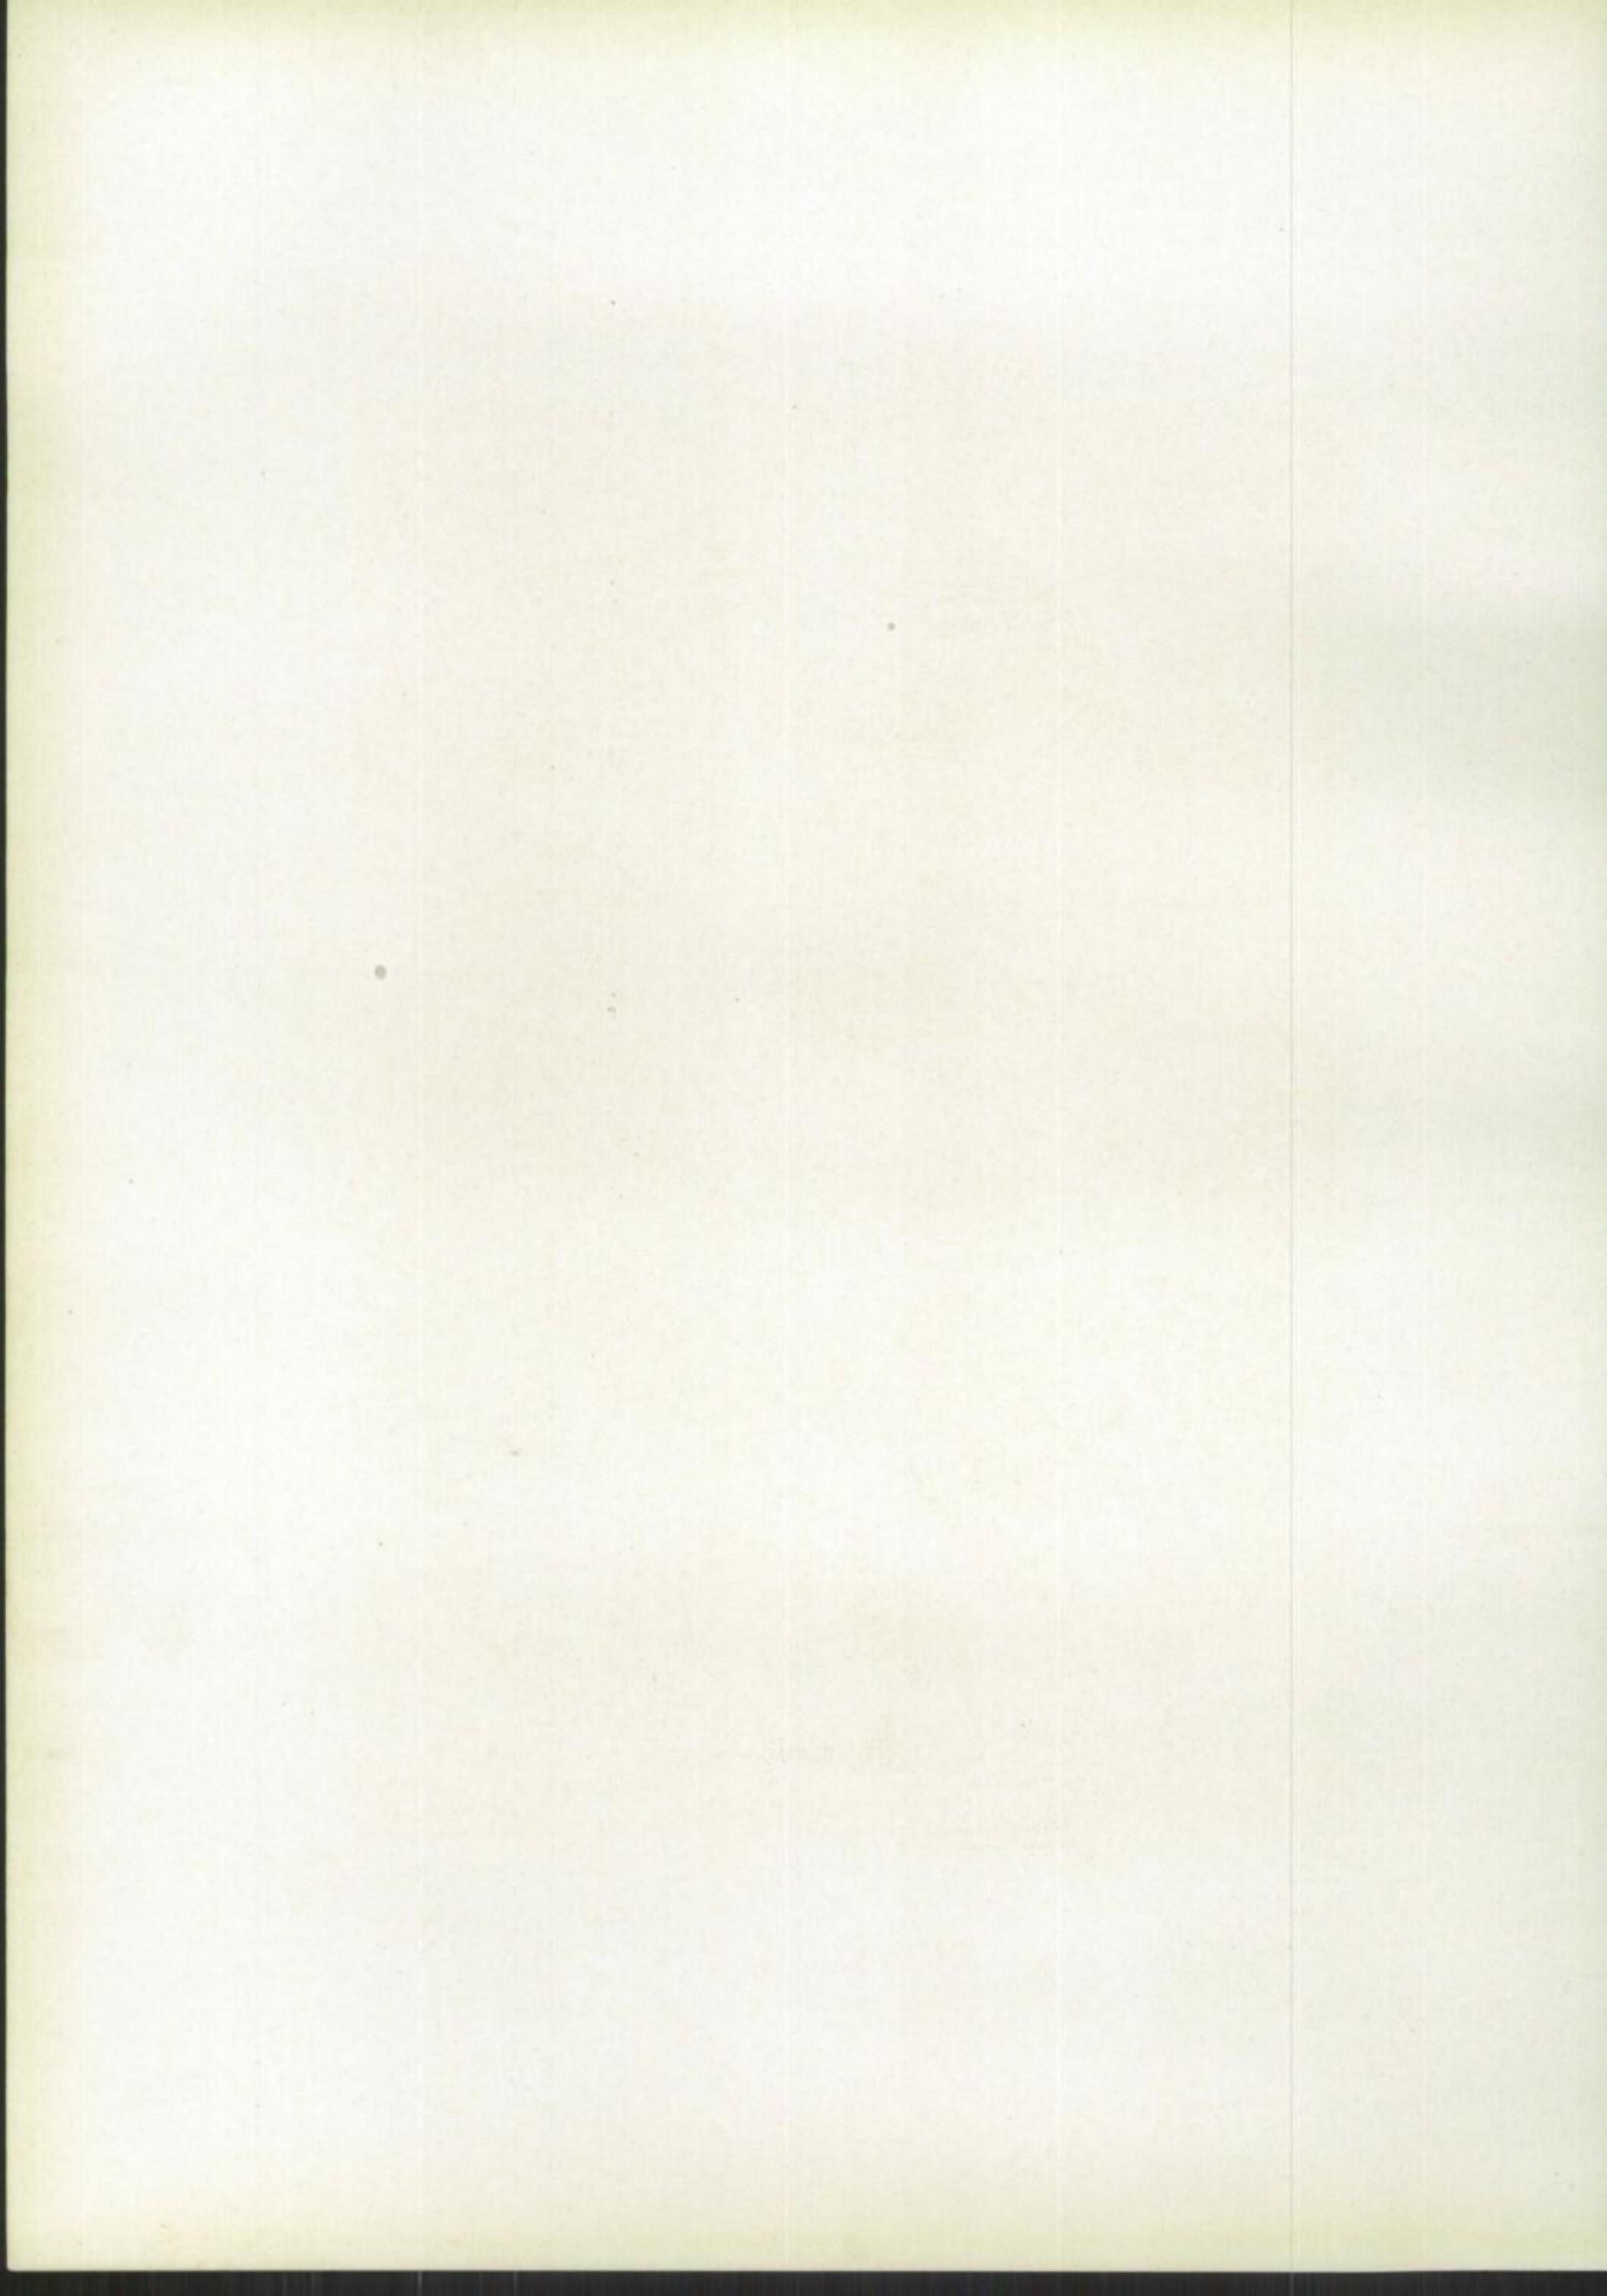

The first track meet in which we competed was against the Coaldale High School team, at Coaldale, May 7. Needless to say that we were defeated to a score of 52-21 but it was largely due to the inexperience of our boys. Two weeks later we had as our opponents in a dual meet, the fast stepping aggregation from West Hazleton High School. It turned out to be the biggest upset of the year; McAdoo considered the under-dog came thru to capture five of the eight events. The final score was 41-40 in our favor. As the school term was drawing to a close we entered in the county meet held which proved to be too fast for our boys. Ending our first track season we expect to develop this sport more than ever, we know that our future teams will be able to go to the future county meets and make the competition pretty steep for the rest of the schools in the county.

Mr. Snoich—"I'll crown somebody if I go down there."
Mr. Boyle—"You big bunch of monkeys."
Miss McNelis—"I have a very bad memory."
Mr. Charles—Whilst the standards of morality are changeable, the essence of morality never changes.
Miss Sullivan—O, my goodness, such people.
Mr. Bansa—Come on now, let's get to work.
Miss O'Donnell—I warn you, I'm going to tell Mr. Snoich.
Mr. McBride—Hey, you, shut up.
Mr. Gallagher—You know that I don't have to put up with it.

No Mail For Bossy

"Say, is there a letter for Mike Howe?"
"No", said the clerk, there's no letter here for your cow, or for anybody else's cow."

After the teacher had told her class of boys about the President of the United States in regards to honor and glory, she asked, "Is there any boy in this class who would not want to be President of the United States?"

"I wouldn't, said one boy."

"Why not?" Asked the teacher.

"My father says it's best to have a steady job", replied the boy.

A Famous Date

"Can you give me any well-known date in Roman History?" asked the teacher.

"I can, teacher," said one of the pupils.
"Anthony's with Cleopatra."

Edward Roman—"They have no manners and they don't wear any customs."

JOKES

TOO MUCH MONEY

The late Admiral Robley D. Evans, better known as "fighting Bob" found himself one Sunday morning in a city far from home, and wanted to attend services. He went into a fashionable church, and was ushered into a pew, the usher evidently believing that it's owner would not appear that morning.

However he did come, and made his way unushered to the pew. He became indignant at finding a stranger there, but retired to the church without saying a word to the admiral, who had not seen him. Calling an usher, the pew-holder took out his card, penciled a few words on it, and directed the usher to take the card to the intruder. The admiral read the card, on which was written:

"Sir, I pay a thousand dollars a year for that pew."

The admiral took his pencil and wrote on the card;

"You pay too damned much."

DISAPPOINTMENT IN HEAVEN

The editor of a country newspaper visited a big city while President McKinley was dying, and was greatly impressed by the issuance of the hourly bulletins telling of the presidents condition. The editor decided to adopt the same system when any prominent citizen of his own town was ill. He soon had an opportunity to put the idea into effect. Deacon Tutko became seriously ill, and the editor posted the bulletins in the front of his office:

"1 P. M. Deacon Tutko seriously ill."

"2 P. M. Condition of Deacon Tutko slightly better."

"3 P. M. Deacon Tutko takes a turn for the worse."

"4 P. M. Deacon Tutko has died and gone to heaven."

The village wise-guy passed that way and added one of his own.

"4:30 P. M. Great excitement in heaven: Deacon Tutko has not arrived yet."

THE OUTSTRETCHED PALM

"So you're going to Europe?" asked one American of another.

"Yes, this summer."

"Have you figured out how much it will cost you?"

"Yes, - - - - -and I've got enough money saved for the tips. When I get enough for travelling expenses, I'm going to start."

BAD EXAMPLE

After serving a week on a jury, a man was asked:

"You must have listened to so much law the past week that you are almost a lawyer yourself now."

"Yes", said the jurymen, "I am so full of law that I'm going to find it hard to keep from cheating people after I get back to business."

An Organ Recital

"Did you hear the music on the front porch last night?" asked one summer boarder to another.

Music?", said the other "Why there was nothing there but a lot of women talking about the operations they had."

"Well it was an organ recital, wasn't it?"

Diana in Spanish Class pronounced "Caza Mayor" like "Cut the Mayor" and everybody thought that she was related to Zangara.

STAFF COMMENTS

The Staff wishes to express it's thanks to all who have helped in some way or other to publish the second edition of "The Reverie", which is sponsored by the Senior Class of 1933.

First we thank Mr. Snoich, who has been capable to, and who has given us the proper advice in the publishing of this book. We also thank the business men who have contributed the much needed money necessary to pay all expenses contracted during the publishing of this edition. Last but not least we extend our congratulations and thanks to Lusher and Lusher, Printers, The Stanley Studios and The Craftsmen Engravers for the wonderful bits of mastership in their own arts exhibited in this book.

Before leaving we also wish the Seniors of next year more luck in publishing the Third Edition of "The Reverie" and we do hope they profit by our mistakes. We also wish to see a bigger and better annual published by the Class of '34. With this we are gone but not forgotten.

The Staff.
